

Angela Burns - Conservative

Angela is the Welsh Conservative Assembly Member for Carmarthen West and South Pembrokeshire. She lives in west Wales with her husband and two young children.

Angela was first elected to the National Assembly for Wales in May 2007. She served as Shadow Minister for the Environment and Planning and has also held the positions of Shadow Minister for Finance and Shadow Minister for Transport and Regeneration as well as being the Chair of the National Assembly's Finance Committee.

Angela is relatively new to politics having been in business since leaving school. She stood for Carmarthen West & South Pembrokeshire in 2007 having been invited to do so by the Welsh Conservatives. She says "The more I thought about it, the more logical the choice became. I have always been interested in politics and am typical of those of us who get fired up by the nonsense we see and hear. I guess it was just my time to stand and be counted."

Angela's political interests lie in the economy, health, schools and the rural community.
