

PRESS RELEASE

PEMBROKESHIRE FRIENDS OF THE EARTH

November 2nd 2010

CAN YOU SAVE THE PLANET WITHOUT DRIVING YOUR FAMILY CRAZY?

Sunday's film at the Narberth Film Club is a humorous look at a Manhattan-based family that abandons its high consumption lifestyle and tries to live a year making the least impact possible on the environment.

The film, 'No Impact Man', provides an intriguing inside look into the experiment that became a national fascination and media sensation as it reveals the familial strains and strengthened bonds that result from the struggle with their radical lifestyle change.

Presented jointly by Pembrokeshire Friends of the Earth and Film On Sunday, 'No Impact Man' will be screened at Narberth's Queens Hall on Sunday (7TH November) at 7.30 pm.
