

Finding Hope

A 'Work That Reconnects' workshop

Are you concerned about the state of things on our planet?

This workshop will support you in finding positive and resourced ways to respond to the ecological and social challenges of our times.

The workshop is based on The Work That Reconnects, an approach to resilience or 'active hope' developed by Joanna Macy over many years. It will be led by Karen Scott and Morwenna Lewis, both qualified and experienced facilitators of this work.

By the end of the workshop we hope that you will have found a renewed sense of strength, inspiration and connection to support you in responding to the challenges we face.
